

DATA ANALYST (EXPLORING TRACK)

MSBA candidate at Wake Forest University School of Business with a B.A. in Computer Science. Proficient in Python and Excel, building tools such as a Random Forest-based recommendation model and API-driven data pipelines for eCommerce systems. Applies technical foundation to translate operational data into actionable insight for data-driven decision-making.

EDUCATION

Wake Forest University, Winston-Salem, NC
Master of Science in Business Analytics, May 2027
Bachelor of Arts in Computer Science, May 2026
GPA: 3.88, Cum Laude
Honors: Dean's List, all semesters; Elected to Wake Forest University's Upsilon Pi Epsilon chapter (International Honor Society for the Computing & Information Disciplines)

AREAS OF EXPERTISE

Python Programming | Data Analysis | Data Visualization | Team Leadership | Time Management | Cross-functional Collaboration
Digital Marketing | E-Commerce Operations | Scripting & Automation | Inventory Management | Adaptability | API Integration
Engaging Customer Service | Active Listening | Data Cleaning & Preparation | Debugging & Troubleshooting | Attention to Detail

TECHNICAL SKILLS

Programming Languages: Python, C, Java, JavaScript
Tools & Platforms: VS Code, Jupyter Notebook, Streamlit, Google Colaboratory, Git/GitHub, Microsoft Office, Google Workspace
Business Systems: Lightspeed R-Series POS, Lightspeed eCom C-Series, Meta Commerce Manager, Marsello, MailChimp, Canva

PROFESSIONAL EXPERIENCE

Twin Lion Co. Marblehead, MA
E-COMMERCE MANAGER September 2025 – Present

- Oversee product listings, categorization, merchandising, and order fulfillment for online storefront, keeping inventory of over 2K products accurate across online and in-store channels
- Train new employees in Lightspeed R-Series POS System and serve as a primary point of contact for troubleshooting, onboarding 3 hires to full independence within 3 days

DIGITAL OPERATIONS & MARKETING INTERN May 2025 – August 2025

- Built a Python script leveraging the Lightspeed eCom C-Series API to extract, filter and format product data for automated upload to Meta Commerce Manager, increasing online orders
- Researched and evaluated loyalty platform vendors independently, negotiated terms with Marsello, and led migration of legacy loyalty and email marketing systems covering over 2K customer records
- Designed promotional graphics for social media and email marketing campaigns on MailChimp and Marsello, supporting a minimum of 8 campaigns per month

SALES ASSOCIATE May 2024 – September 2025

- Processed transactions and maintained store inventory in Lightspeed R-Series POS System while consistently delivering knowledgeable, personable customer service

ANALYTICAL PROJECT EXPERIENCE

NFL Combine Performance: Profiled NFL Combine athlete data in Excel with a project team using formula-driven descriptive statistics, frequency tables, and visualizations across all variables. Extended the analysis into distribution fitting, skewness and kurtosis, and normal and empirical probability methods applied to 40-yard sprint times

AI Wordle Solver (Python): Built a Streamlit web application with a 3-person team that recommends the optimal next guess from prior guesses and feedback. Engineered 6 features capturing guess quality and trained a 100-tree Random Forest regression model on simulated games to score candidate words. Layered determinist constraint filtering beneath the model to eliminate impossible answers, with a rule-based fallback for model load failure

LEADERSHIP & INVOLVEMENT

Deacon Friendly Sustainability Club, Vice President; Treasurer and Secretary August 2024 – May 2026

- Directed club programming and budget, advancing sustainability and growing member participation

Kappa Delta Sorority, Sisterhood Enrichment Team Leader January 2024 – May 2024

- Mentored 8 new members, helping them to build confidence during the new member period

Wake Forest University Campus Gardens, Connect & Cultivate Leader August 2022 – September 2025

- Managed groups of up to 10 volunteers per session in garden operations and community programming
